Urban Art

The art of working safely

The AS SERIES pays tribute to urban artist **Diego As**, a symbol of vertical creativity. Just as his works come to life on the city's tallest walls, our equipment accompanies professionals who also make height their daily canvas. Safety with style, creativity and character.

TECHNICAL DATA

Overall length	2 m
Max. load	140 kg
Static resistance	Min. 15 kN
Dimensions	59 x 127 x 152 millimetres
Tape material	Textile tape
Belt width	18.5 mm
Housing material	Composite
Opening of the carabiners	50 millimetres
Fall indicator	YES
Weight of the equipment	2.30 kg
Packaging	1 unit

FEATURES

- + Double retractable tape suitable for use in factor 2.
- + With energy absorber.
- + Total length: 2 metres.
- + The dual-belt design allows for an extended working range without compromising safety.
- + A lightweight self-retracting fall arrest device designed for frequent repositioning during work.
- + Thanks to its double strap, it offers greater reach and allows the user to move "above the device" without the need for a separate energy absorber.
- + Equipped with carabiner-type connectors and swivel function, it combines safety, flexibility, and ease of use.
- + Includes two swivel carabiners with fall indicator. With steel structure and aluminium turnstile. Dimensions: 281 x 142 mm. Opening: 50 mm, static strength: 25 kN. Locking type: locking ratchet.
